Since starting his career at Associated Construction Company (ACC) with an early internship and advancing through roles such as Field Engineer, Project Engineer, and Superintendent, to strategic positions like Estimator, Project Manager, and Project Executive, Joe Jankowski has been a driving force for transformative change.

His journey, culminating in leadership roles as Vice President in 1999 and President in 2015, has imbued ACC with profound industry insights. Under his guidance, ACC has embraced a customer-focused vision, steered by the People - Process - Project approach, with an emphasis on continuous employee development and a rigorous Quality Control Methodology. This approach has not only enhanced ACC's operational efficiency and project quality but also reinforced its position as a leader in the construction sector. Joe's dedication to teamwork is encapsulated in one of ACC's core principles: "We Win When Everyone Wins," highlighting the significance of collective success in achieving project objectives.
