

KEVIN MCCONNELL

VICE PRESIDENT

Kevin's remarkable journey from a background deeply rooted in construction to his current role as the Vice President of Associated Construction underscores his over two decades of invaluable industry experience. As a key figure in the organization, Kevin's astute leadership plays a pivotal role in steering the estimating and pre-construction processes, ensuring seamless alignment with the company's overarching objectives.

His exceptional proficiency in early-stage planning and conceptual estimating sets the foundation for successful project execution, consistently meeting and exceeding clients' financial and scheduling requirements. Kevin's unwavering dedication to nurturing lasting client partnerships and upholding stringent standards throughout all construction phases, serves as a driving force behind the company's continuous expansion and solidifies its standing as a paragon of excellence and dependability in the competitive construction landscape.
