VP ENVIRONMENTAL CONSTRUCTION

## EDUCATION

Anna Maria College, Paxton, MA  
M.S. Business Administration

Central New England College, Worcester  
B.S. Mechanical Engineering

## CERTIFICATION

OSHA 10 & 30  
Licensed Massachusetts Construction  
Supervisor  
Certified Cost Engineer  
Safety Trainer

## AFFILIATIONS

Member ASCCE  
Associated General Contractors of CT  
Associated Builders and Contractors of CT

With more than 30 years of expertise in construction and project management, Roger offers a wealth of knowledge in industrial and wastewater treatment plant construction and renovation to the Associated team. His primary roles encompass the meticulous supervision of construction projects daily, overseeing field personnel, ensuring adherence to safety protocols, constant monitoring of budgets and timelines, quality assurance, contract negotiation and management, as well as effective communication with stakeholders such as owners, developers, design teams, and subcontractors to address construction-related matters.
