With more than four decades of industry expertise, Tom assumes the pivotal position of Director of Operations and Safety. His responsibilities encompass conducting comprehensive onboarding procedures and safety orientations for all new employees, setting a precedent of excellence in both quality assurance and safety protocols. Tom's oversight extends to the commercial sector of the organization, ensuring that efficiency and safety remain at the forefront, while simultaneously upholding company-wide performance metrics. Furthermore, he plays a vital role in nurturing and upskilling staff members keen on advancing their professional trajectories. Tom's influence is paramount in fostering the growth of individuals who drive the company towards greater success.
